MILES COES MARCHING ON

American Troops Are Approaching the Porto Rico Capitol.

DESERTERS FROM THE SPANISH STANDARD NUMEROUS.

Washington, Aug. 3—Special—Gen. Miles has advanced fully a quarter of the distance to San Juan over the military road from Ponce, and in the expected course of events will arrive at the gates of the capital by the end of the week. It is regarded as doubtful if the provisional division to be sent to Porto Rico under Gen. Wade will see much hard service.

Porto Rico an Easy Mark.

Washington, Aug. 3—Special—The conquest of Porto Rico will be completed sooner than expected. Reports from Gen. Miles state that the native troops are deserting the Spanish standard in thousands and are surrendering their arms to the invading Americans. It is expected that when San Juan is reached the Spanish force will all be there. It will consist of less than eight thousand men indifferently armed, and there is little room to doubt that it will surrender on demand without firing a shot. The entire island will be under control of the American army by the middle of the present month.

A Permanent European Squadron.

Washington, Aug. 3—Special—Naval officials are considering the formation of a big squadron to be stationed in European waters after the war is over. It is the intention to make the European squadron much stronger than before. It will probably consist of at least two battle ships, an armored cruiser, and other vessels.

Brought From Havana.

London, Aug. 3—Special—A dispatch from Havana reports the arrival there of the German steamer Geir. The dispatch also reports an attack on the Matanzas batteries by two American cruisers, which were repulsed. One Spaniard was wounded during the bombardment.

Carlist Uprising.

London, Aug. 3—Special—A Reuter cable from Barcelona, Spain, confirms the report of a Carlist uprising at Lerida, and says it is apt to be formidable.

An Extra Session.

Washington, Aug. 3—Special—The president said to

day he would call an extra session of the Senate just as soon as the treaty was negotiated, but was unable to fix any time. The impression is that it may not be called for two or three months.

Cavalry Not Needed.

Washington, Aug. 3—Special—All cavalry now in Cuba will return to the United States at once. They will be of little use in the campaign, there owing to the bad condition of the roads and the topographical nature of the country. Infantry has been found to be far more serviceable.

Rough Riders Coming Home.

Washington, Aug. 3—Special—It is stated today that Roosevelt and his Rough Riders have been ordered from Santiago to Montauk Point. They will come with Wheeler's cavalry on the first transports coming north.

Will Report to Lee.

Camp Tanner, Springfield, Ill., Aug. 3—Special—The Ninth Illinois, commanded by Colonel Campbell, received orders this morning to proceed to Jacksonville, Fla., and report to Gen. Lee.

BRIEFS FROM BELOIT

Tragic Death of a Former Student—Great Blast to Go Off—School Matters.

Beloit, Wis., August 3—[Special]—The body of Theodore M. Sloan, a college graduate of the class of '03, was found floating in Lake Michigan Saturday. Deceased was a nephew of John, William, George and Herman Murray, of Clinton, and a relative of Mrs. Garlick and Mrs. Sloan, of this city. Mr. Sloan was a bookkeeper for Dinham & Johnson, of Minneapolis, and a college friend, Edward O. Flake, says he was a neighbor of his at Minneapolis for nine years. Mr. Flake says he was a faithful worker for the firm who were wholesale grocers, for twenty years, and some four years ago, Mr. Johnson, the successor of the firm, let him go, and hired a young woman in his place at lower wages. He looked for employment month after month, but it seemed business was dull at Minneapolis and he was unable to get a place. He worked but two months in three years. Mr. Flake saw him last about a year ago, and says he went to Chicago to try and get work to support his wife, but being unable to do so became discouraged and ended his life by jumping into the lake. He was fifty-five years old.

Word was received here yesterday announcing the death of H. Frank Field, of Chicago, formerly of this city. Mr. Field was 77 years old. Interment will be in this city.

It is reported that N. A. Lienman, who met death in a hotel fire at Chicago Monday, was former Roscoe boy, having lived for years on the farm in which the Parmilles of Chicago were interested.

Tomorrow there will be a great blast at Samp's stone quarry and Mr. Samp invites people to come and see it. About 500 pounds of powder will be used in the explosion. There have been several blasts made at this

quarry, but this will be the largest dislodgment of stone made yet.

The adjourned annual meeting of the Beloit city school board was held at the city council rooms August 1, at 8:30 o'clock. There were present Messrs. Burge, Helm, Parker, Croft and Hart. The board elected a treasurer and clerk for the ensuing year. For treasurer, E. F. Hansen was elected. For clerk, A. N. Hart was chosen. The salary of the clerk was fixed at \$100. The school board is of great interest to all now, as an \$8,000 school house has been completed on the west side and two new kindergartens will soon be erected, and a school house costing from \$8,000 to \$9,000 will soon be started on the east side, District No. 1. The board recommended that there be a tax of \$20,000 by tax, in the manner provided by law, for the use of the city school district, in maintaining the public schools the ensuing year. At a meeting held previous to this meeting, at which the mayor presided, Prof. Converse was reelected superintendent.

The school census this year shows there are 927 males and 545 females within the school age in District No. 1, making a total of 1,472 in this district. There are 845 males and 891 females in District No. 2, a total of 1,736, making a total of 3,208 in the city. This is a gain of 181 since last year. In District No. 1 last year there were 1,164 pupils, and in District No. 2, 1,563, or 2,727 in the whole city. Nearly all the increase was in District No. 2.

BRYAN WAS IGNORED

His Name Not Mentioned In Connection With the Nebraska Gubernatorial Nomination

Lincoln, Aug. 3—[Special]—The name of William Jennings Bryan was not mentioned in connection with the gubernatorial of the allied silver forces today. W. G. Poynter was nominated governor. Poynter came from Rockford, Ill., some years ago

SPAIN WILL CRAWFISH

Evidence That She Will Accept the President's Terms.

WAR WILL DOUBTLESS CLOSE SOME TIME THIS MONTH.

Washington, Aug. 3—Special—Secretary Long, when leaving the white house this morning, said the president had received no reply either through the French ambassador or the Spanish government at Madrid relative to the peace propositions.

Peace in Sight.

Washington, Aug. 3—Special—Until long after midnight the secretaries of the French embassy were at work on Spain's answer to McKinley's peace terms. The message came in cipher, and the utmost care was exercised in its translation, so that no error should be made. There is little doubt but the terms have been accepted. In that event the war will practically be brought to a close this week. There will be work for the army for many months in Porto Rico and the Philippines, but the impression is strong that the last great battle with Spain has been fought.

Spain's Acceptance.

Washington, Aug. 3—Special—While advices from Madrid represent that the peace terms proposed by President McKinley have been virtually accepted by the Spanish government, there are many details yet to be arranged. There is some quibbling at Madrid relative to possession of the Philippines, but this will doubtless cease when it is understood that there will be no receding from the position taken. It is the opinion here that all preliminaries for a peace will be arranged within ten days and perhaps much sooner.

Sigsbee's Next Ship.

New York, Aug. 3—Special—Captain Sigsbee, of the St. Paul, will probably succeed Capt. Philip as commander of the Texas. Capt. Philip is to be promoted to the rank of commodore next month, and by naval regulations must give up his ship. Sigsbee is also about to lose his ship, as the St. Paul is to be returned to the American line.

Ordered to Porto Rico.

Chattanooga, Aug. 3—Special—The Fifth Illinois regiment is leaving Camp Thomas this morning for Newport News, where it will join Grant's brigade and proceed to Porto Rico. General Poland is critically ill, and has been sent to Ashville, N. C.

HARD FIGHTING BEFORE SANTIAGO

FORMER JANESVILLE RESIDENT IN FRONT OF BATTLE.

Soldiers Were Worn Out But Fought With Exemplary Bravery—American Grit Surmounted Many Obstacles—Spaniards Are Good Soldiers But Cubans Are Cowards.

Frank Nicholson, a former resident of Janesville, and whose relatives still live here, is a sergeant in Co. F, Sixth Cavalry Regiment of Gen. Sumner's brigade, at present a part of the Tercio occupying Santiago. In a letter recently received Sergeant Nicholson details some of the incidents of the investment of the Cuban stronghold. "On the first of July," he writes, "we formed a line of attack on a small town. The infantry took the town. We fought our way through a jungle of vines and trees, wire fences and swamp to the foot of two hills. On these hills the Spanish had earthworks and block houses, and some cannons, and they gave us a heavy fire all the way. We charged the first hill without a bayonet, and nothing but our rifles drove the Spanish from their pits and block houses, then over an open piece of ground, when we cut them down by a steady fire from the hill we had taken. They were reinforced from Santiago and tried to hold the next hill, but we went over the opening and up the hill in the face of a fire from more pits and larger block houses, and drove them from this hill into Santiago. We were tired out, but not fought out; our officers would let us go no further, so we held the hill with the Spanish trying to take it time and time again, until night came on and the firing stopped. We buried our dead and the dead Spanish inside of our lines, dug trenches and stood picket, for there was no sleep that night.

The Fight Renewed

The next morning at daylight it started again. A battery had come up during the night and took a place just in rear of our earthworks and it opened up on the block-houses in our front. It was answered by a battery from the Spanish and a hot fire from the sharpshooters from the trees and heavy fire from the block-houses and Spanish earth-works. For a time the fire was a rain of lead and shell, the shells just passing the earth-works were in and falling on our guns. They drove our battery from this hill with heavy loss. We did not lose many in our trenches as we kept up a steady fire all the forenoon—lost a man now and then. At noon the firing stopped and all was still until some time during the night, when they drove our picket and tried to take the hill again. We were sleeping in the trenches with a heavy guard out. We waited until we could see them coming up the hill and then let them know we were not asleep, and from the smell that came from our front we must have killed many; some we could see, but the brush covered most of them. We heard that there were 800 Spaniards killed that night around the whole line; how many in our front we do not know. I am telling what I saw and what happened where our brigade was. We are Sumner's brigade so the newspapers will tell you more than I can. Barb-wire fences are our worst enemy and this place is full of them. There is one over a hundred yards between where the fight started and Santiago, without saying anything of the cañons and thorn trees that stop us in our advance. They hold their fire until we are stuck in the fence and then fire volleys at us while we are getting through.

American Grit Will Win.

There is no doubt about American grit. There is no nation on earth, no soldiers ever lived that ever charged on earth-works without a bayonet, until Sumner's brigade took those hills. We are all cut more or less by barb wire, for we tore through four fences the first day, and it was death to stop. It was go on any way or the other, and we never thought of turning back, but tore through, leaving the dead and wounded, and our clothing hanging on fences, while we swept up the hill in one mad rush over the pits and killed the Spanish in the ditches.

We catch spies every day; some are taken to the rear under strong guard but many are shot before taken.

The Spanish have plenty of aerobes, and many of them stayed in the trees and shot our officers as we passed under, knowing they would be seen and killed as soon as they fired a shot. As soon as they were seen they would fight, firing and killing as many as they could until they fell out of their

nests dead. We did not take many prisoners, only a few that were wounded, but many were taken in other places of the fight.

We got their flag; a man in my troop captured it, and we came very near getting a gun that is a cannon. They had a small one on the first hill and started across to the next hill as fast as hell would let them with an old mule hitched to it. We tried to hit the mule, but the cannon-box saved him. We shot every gunner and the driver. There was no man left, but the old mule lit out for Santiago and took the gun with it in spite of a heavy fire that we sent after it. We had to laugh to see the mule go.

Spaniards Shoot Well.

The Spaniards are good shots and their heavy guns were better than ours, for they used smokeless powder, and our batteries could not find them to silence their guns. They more than shelled our guns as well as the firing line. They shot our balloon all to pieces. My troop was under the balloon and about five hundred yards ahead of it and the way shells went over us was no song. What we got to the first wire fence they turned a small gun on us and cut many and at every fence they fired volley after volley at us but there was no stop. Up the hill over their earthworks and into the block-houses we went. Many Spaniards were shot in the rooms as we had no bayonets. They tried to retreat and some got to the second block-house and some to the third, but the more there were of them the faster they fell and they broke from the last block-house on the two hills and made for Santiago leaving dead and wounded on the field. We took the block-houses and held them under fire until dark.

My troops got the only flag that has been captured so far, so you may know I was in the front. They put us on the front line at 8 o'clock in the morning and we were there at dark that night under a steady fire all day. There was no let up and no shelter for us. I am in Sumner's Brigade, Wheeler's Div., so if you read the papers you will find where we were and how we fought for what little glory we got out of it.

The Cubans that they talk so much about, I don't know where they are. I have seen none of them since the morning of the fight. They are a lot of cowards I think, and no good when it comes to a big fight.

JANESVILLE BOYS DID WELL

They Defeated the Mendota Players in a Short and Swift Game

Those who had the courage to go out to Athletic park in the rain yesterday to see the ball game were rewarded by seeing a good ball game, or rather part of a game, and the best thing about it was that the home team won it by a score of 9 to 1. They seem to have escaped from the iron grasp of misfortune in which they have been held for some time and from now on will be open for engagements for good only, as they have on hand a whole tub-full of unwreaked vengeance which must be used up before the end of the season. Yesterday they played particularly fine ball, and are to be congratulated on their improvement in form, as in the five innings played, they clearly outclassed the strong Mendota team. The line up was as follows:

Janesville. Position. Mendota.
E. Brown.....1 B.....Tobin
Brothers.....3 B.....Jones
Brewer.....C.....Elvert
Hollister.....2 B.....Palmer
Nichols.....C.....Hogan
Kline.....C.....Sutter
Kearney.....1 F.....Jungbluth
Fisher.....1 F.....Harvey
Mathews.....1 F.....Malden
Following is the score by innings.

Janesville.....1 0 5 3 3-9
Mendota.....1 0 0 0 1-1

ENDS CONGRESSIONAL FIGHT

Representative Cooper Gets the Entire Delegation from Racine County.

Racine, Wis., Aug. 3.—Congressman Cooper has carried the city caucuses, and will receive the solid support of the delegation from the First assembly district of Racine county at the congressional convention to be held in Elkhorn August 10. The anti-Cooper forces were routed in every ward, sixty-two Cooper delegates being elected. These delegates will meet at the city hall Friday to elect twelve delegates to the congressional convention. Much interest was taken in the caucuses, about 1,500 votes being polled. Mr. Cooper had things his own way, his delegates being elected by large majorities. A republican caucus was held in the Seventh ward of Racine last night and Cooper delegates were elected. This ward is in the Second assembly district.

BOYCOTT CHICAGO BREWERS

Malsters Send Out a Circular Reciting Their Grievances

A number of the saloon keepers of Janesville are in receipt of circulars issued by the Chicago Brewers' and Malsters' association urging them to stop the sale of beer brewed in the Windy City pending an adjustment of the difficulties between the association and the employing brewers and malsters. The circulars recite the grievances of the workmen at considerable length.

As there is little Chicago beer sold in Janesville the boycott will not cut much figure in the business here. Local brewers are on excellent terms with the labor unions as they have uniformly treated their employees with fairness and consideration.

The grounds and surroundings of the assembly are beautiful. The grounds are heavily wooded and are on the border of Green Bay. Nine hundred people are camped now and several hundred more are expected. The season will last until Aug. 15 and the array of talent is exceptionally fine. New buildings and other improvements this year have cost the association \$25,000. The organization of classes will begin tomorrow.

This year's program includes lectures by Rev. Sam Jones, Bishop John H. Vincent, Hon. Ignatius Donnelly, Rev. Father Nugent, Dr. Robert McIntyre, Hon. J. P. Dolliver, Dr. J. H. Kellogg, Rev. The Oshkosh Library

Oshkosh, Wis., Aug. 2.—A contest has developed over the public library plans. Three sets, all of local architects, have been offered. The fight lies between that of William Waters and E. E. Stevens. Mr. Waters has scored first success in the passage by the library board of a resolution recommending his plans. The library board is in this case an entirely expert body, the power of selection lying with the library committee of the council. Whether the aldermen composing it will take kindly to the recommendation of the board or resent it is an open question.

A pretty close canvas is being made by the friends of each and there is liable to be a lively time at the council meeting tomorrow evening, when the subject will probably come up.

MR. HALSEY'S CASE ON TRIAL

Inquiry Into the Facts Connected With the Racine Incident.

At Racine today an investigation of the charges against Rev. Sabin Halsey, formerly of Janesville, will begin before a committee of the members of the Wisconsin conference at the M. E. church. It will be remembered by readers of The Gazette that some time ago Mr. Halsey was arrested there on the charge of being drunk, but after an explanation was released, paying his costs. He claimed that he was affected by the weather and a long drive from Milwaukee. The investigation is being held at the request of Mr. Halsey, who has felt himself aggrieved by the arrest and the false construction placed upon it by certain persons who endeavored to use the incident as a means of impairing his moral standing in the community and the church.

Want Home Rule for Cities.
Detroit, Mich., Aug. 3.—At Tuesday's session of the League of American Municipalities papers and addresses were delivered on the general relations existing between legislatures and city governments. There seemed to be a strongly defined sentiment in favor of greater latitude for municipal authorities and fewer limitations by state legislative authorities. "Home Rule for Cities" was the theme of the day's discussion, and the subject was debated from almost every standpoint. There are many notable delegates here and great interest is taken in the work of the convention.

Gold Miners Pay Heavy Taxes.
San Francisco, Aug. 3.—A special from Dawson of July 17 says: "Within the last twelve months the Canadian government has taken from the Yukon miners more than \$2,500,000. The cost of maintaining the mounted police and the salaries of the district officials have been reported to the Canadian government to be in the neighborhood of \$400,000, leaving a net annual gain to the government of over \$2,000,000. The largest individual amount that goes to make up this total is the royalty, which has been conservatively estimated at \$800,000."

Populists Showed Under.
Birmingham, Ala., Aug. 3.—Fuller returns from yesterday's state election show that the populists have carried but four counties, namely: Choctaw, Cherokee, Chilton and Coosa, with even chances in St. Clair, Butler and Blount. The democrats got at least 50 per cent of the votes and fifty-nine out of the sixty-six counties. Populist representation in the general assembly is cut down from twenty-seven to seventeen and six of them are holdovers.

Emperor at Friedrichsruh.
Friedrichsruh, Aug. 3.—The Emperor and Empress arrived at the castle Tuesday afternoon and took their departure after a visit of half an hour. Before leaving the castle the Emperor again expressed his wish that his interment should be in the cathedral. Prince Herbert adduced as the reason for this that he accords to the wish his

father's emphatic desire to be buried without pomp on the Schneckenberg, opposite the castle.

Take Another Porto Rican Town.
St. Thomas, D. W. I., July 31.—The American troops have reached Coamo, twenty miles northeast of Ponce, on the road to San Juan. Thus far they have met with no resistance. There is no reason to change the opinion that if any stand is made before San Juan is reached it will be at Albonito, where the mountain pass gives the enemy a great opportunity to resist.

Watch For Yellow Fever.
Tampa, Fla., Aug. 3.—Surgeons of the marine hospital corps are diagnosing every case of fever reported to be in the least suspicious. There is some uneasiness on account of the landing of 150 sick soldiers from Santiago at Mullet Key detention hospital, but as yet no yellow fever has appeared among the patients.

Harvests Are Good In Spain.
Madrid, Aug. 3.—The harvest prospects are so good throughout the peninsula that the government has decided to revoke the prohibition against the export of grain and to substitute therefor a moderate export duty.

Warships Reported Off San Juan.
New York, Aug. 3.—A special cable to the Journal from Madrid says that Gen. Machias telegraphed yesterday that several American warships and transports loaded with troops were off San Juan.

Award to Sealers Is Paid.
Ottawa, Ont., Aug. 3.—The department of marine has received from Washington a check for \$475,000, which is the amount of the award to the Canadian sealers in the Bering sea.

Trying to Agree on Glass Scales.
Anderson, Ind., Aug. 3.—The Indiana members of the flint glass manufacturers' and workers' national wage committees left Tuesday for Pittsburgh. The manufacturers' committee held a conference today and tomorrow the workers' committee will meet.

Fire Destroys a Whole Town.
Little Rock, Ark., Aug. 3.—The town of Centre Ridge, a place of about 500 population, in Conway county, has been entirely destroyed by fire. Only two dwellings were saved. The fire is thought to have been the work of incendiaries.

Chance for Prize Money.
Cavite, June 26, via San Francisco, Cal., Aug. 3.—The capture of Manila will be followed by an expedition to all of the main islands of the group. There are many Spanish vessels in this group and the prize money will be considerable.

Rain Saves the Kansas Corn.
Topeka, Kan., Aug. 3.—Kansas is assured of a corn crop of 200,000,000 bushels. Monday night heavy rains fell over the state, in some sections the fall averaging two inches. The late corn is saved.

PRINCE HAS REVENGE.

Face Hid from the Emperor—Clung to His Hatred.

Berlin, Aug. 3.—It is said on the authority of a friend of the Bismarck family that the coffin containing the body of Prince Bismarck was closed immediately on the receipt of the telegram announcing the emperor's intended visit to Friedrichsruh. This step was taken, it is further stated, in accordance with a solemn promise exacted of Herbert Bismarck by the prince in his life that the emperor was not to see the face when he was dead.

It is generally understood by members of the family that Prince Bismarck retained his hatred until the last. It is believed his memoirs, taken by dictation during his last years, will show this to have been the case. A copy of these memoirs is safely deposited in England, but the emperor knows of their existence, and it is declared a determined effort will be made by the government to suppress their publication. Emperor William is said to be highly incensed because of the publication of Bismarck's resignation letter, which is said to have been done at Bismarck's instance.

Corbett Posts a Forfeit.
New York, Aug. 3.—James J. Corbett has posted \$2,500 at the office of a morning paper for a match with "Bob" Fitzsimmons or "Jim" Jeffries. In his letter authorizing the deposit of the money Corbett says: "If I defeat McCoy at Buffalo I shall expect Fitzsimmons to show a disposition to make a match. If he is unwilling to do so, the \$2,500 goes for Jeffries, and if I defeat Jeffries I do not see how 'Fitz' can decline to meet me."

Killed in a Wreck in Arizona.
Winslow, Ariz., Aug. 3.—A train was wrecked near Holbrook, Ariz., Tuesday. Ray Gooding, a son of the agent of the Santa Fe at Kingman, was killed, and fifteen others were injured. The disaster was caused by a broken rail. Four cars went over—two Pullmans, one chair car and a coach. One man was so seriously hurt that he will probably die.

Thanks the American People.
Washington, Aug. 3.—The state department has received the following dispatch from Ambassador White at Berlin: "Prince Herbert Bismarck and the entire family of the late ex-prince chancellor join in heartfelt thanks to the president and people of the United States for their deeply appreciated expressions of sympathy."

DELAY IN NEBRASKA.

Fusionists in a Row Over Rival Seekers for Office.

Lincoln, Neb., Aug. 3.—Beginning shortly after 2 o'clock Tuesday afternoon, with only a short intermission for supper, midnight found the three conventions of Nebraska's fusion forces in a bad mix, with slight prospects of soon unraveling the various knots.

The first formal ballot brought out seventeen candidates for governor. W. A. Poynter of Boone, populist, led in strength in the populist convention; Judge Neville of North Platte, populist, with free silver republicans, while the democrats, disregarding the agreement of the conferees, cast their solid vote for Attorney General Smyth, a democrat. The second and third ballots were uneventful, but the fourth saw the populists give Mr. Poynter a majority and he was declared the nominee of that convention. The free silver republicans followed suit, but the democrats again cast a solid vote for Mr. Smyth. As it requires a majority of all three conventions to nominate, the democrats are able to block progress indefinitely.

The democratic platform pledges support to the president in the war with Spain, reaffirms the Chicago platform and pays a high tribute to W. J. Bryan.

The platform of the free silver republicans does not differ materially on the leading planks from that of the democrats. The populists refused to receive their platform until nominations were made.

Mr. L. I. Fish, of 855 Racine St., proprietor of the Fish Dray Line, says: "When I was twenty years of age I fell, injured my back, and ever since that I was troubled more or less with a dull, aching pain across the loins. It never laid me up but it was often painful and annoying. Of late years I have gone to a physician every six months and had myself thoroughly examined, under the impression that there might be something wrong with my kidneys. The diagnosis always resulting in the physician claiming these organs were sound, but as the pains existed when I happened to notice in our Janesville papers that Doan's Kidney Pills were guaranteed to cure just such troubles, I procured a box at the Janesville Drug Co.'s store, and took them. Doan's Kidney Pills are a good preparation. My back has not ached since I used them. I have heard others speak very complimentary of them and if I did not know their merit and required such a medicine I would consider it a favor if some one suggested their use to me. For this reason I endorse them."

REPUBLICAN STATE CONVENTION.

Headquarters Republican State Central Committee, Milwaukee, June 15.

To the Republican Electors of Wisconsin: By direction of the State Central committee, a convention of the republican electors of the state of Wisconsin will be held in the city of Milwaukee on Wednesday, the 17th day of August, 1898, at 12 o'clock noon, for the purpose of nominating a republican state ticket to be voted for at the general election in November next, and to transact such other business as may properly come before the convention.

The republican electors of Wisconsin are cordially invited to unite under this call in sending delegates to said state convention.

In accordance with resolution recommended by the state convention and formally adopted by the State Central committee, in electing delegates to the state convention, in counties having more than one assembly district, except Milwaukee county, the unit basis shall be the assembly district, and in such counties delegates shall be elected by assembly district conventions, and the names of the delegates so elected shall be certified to the State Central committee by the chairman and secretary thereof; in all other cases delegates shall be elected by county conventions.

Under the present basis of representation the several assembly districts in the state are entitled to one delegate for every two hundred and fifty (250) republican votes, or major part thereof, cast at the last preceding presidential election.

Special attention is hereby called to the fact that all conventions to elect delegates to the state convention must be held on a notice of not less than four weeks; all town or ward caucus as primaries to state convention on a notice of not less than ten days, and that notice of the meeting of such convention or caucus shall be given in the usual manner.

As the State Central committee acts as the committee on Credentials, it is requested that credentials of delegates elected, duly certified to by chairman and secretary of county or assembly district conventions, be forwarded to the secretary at Republican State Central Committee headquarters, in Milwaukee, immediately upon their election; in every case giving the names in full and postoffice address.

JOHN M. EWING, Secretary.

Rock county will be entitled to 33 delegates, distributed among the assembly districts as follows: First district, 9; Second district, 11; Third district, 13.

Governor Scofield says: "My record is an open book, and if I am elected I will do the best I can." Mr. La Follette promises to reform the earth, although his platform puts forth no new principle. Governor Scofield is a man of deeds; Mr. La Follette is a man of words. Stand by the administration, and do not be misled by glittering promises. Talk is cheap but the welfare of the republican party is priceless.

Gov. Scofield asks for your vote if you are satisfied that he deserves it. Mr. La Follette proposes to secure it by force and has been running a finely equipped machine for months in his own interests.

The people admire a straightforward manly man more than they do a blatant shouter. Hence they will rally to the support of Gov. Scofield and the republican administration.

Congressman Cooper is President McKinley's personal friend and warm supporter. He rendered the administration services of a character that caused the president to thank him in person during the discussion of the Cuban policy. He is a supporter of the administration and should be returned to congress.

The Milwaukee Evening Wisconsin thinks R. M. La Follette wrote the article signed by O. F. P. Pullen, purporting to be a reply to Senator Spooner's recent interview. The Wisconsin makes out what would appear to be a "clear case" and says it doesn't blame Mr. Pullen for being willing to father such an adroit communication.

"I am not a La Follette man," said Sherman B. Phelps after the preliminary meeting. "I have no time for a man who seeks to elevate himself by pulling someone else down." And thousands of people will say amen to Mr. Phelps' declaration.

General Lee's command, it is said, will soon occupy Havana and Janesville soldiers will see service at the Cuban capital. The acceptance of peace terms, it is said, will not change the program.

The chaplain of the Oregon says that vessel crushed the whole Spanish armada at Santiago. This chaplain, it would appear, could easily secure the place made vacant by the passing of Sully Scofield.

A Cuban living at Cambridge, Wis., attempted to shoot a man the other day, and is now in jail at Madison.

He should be sent to Santiago to do missionary work among his countrymen.

President McKinley favors the building of the Nicaragua canal. The long trip of the Oregon has awakened people to the advantages of the canal, and they will be glad to know that the head of the nation favors the plan.

The welfare of the republican party demands the defeat of the La Follette machine, thus putting an end to party backbiting and treachery. Vote only for delegates that you know will support Governor Scofield.

"I agree with Victor P. Richardson as to the city's 'general fund'" said an ex-chairman of the finance committee. "Mr. Richardson has the right idea and I would like to see it carried out."

When Commodore Schley wrote a letter to his brother concerning the fight at Santiago, he very modestly refused to magnify himself but said "there is glory enough in it for all of us."

The Atlanta Journal, Ex-Secretary Hoke Smith's paper, suggests that Lieut. Hobson be given command of the new battleship Alabama—the vessel named for his native state.

Mr. La Follette attacks his own party in the hopes that he will get an idea himself thereby. Stand by the republican party and down the men who attack it.

Vote only for delegates who will support Governor Scofield and Congressman Cooper. Both have been faithful and efficient officials, and deserve a renomination.

The New York World announces that Sully Scofield is no longer in the employ of that paper. There is nothing left for Sully now but to go into a dime museum.

The Milwaukee Sentinel says the sentiment at La Crosse is almost unanimous for Governor Scofield. The Sentinel will find that such is the case all over the state.

The wireworkers at Cleveland, O. are contemplating a strike. The wire pullers, however, are still contentedly doing business at the old stand.

Lieut. Col. Senn sets many rumors at rest by announcing that the army medical service is most excellent. No one will question Dr. Senn's statement.

Perhaps the opposition to French literature is well founded. The French have been against us all the time.

It is likely that a special session of congress will be called as soon as Spain accepts the terms of peace.

No republican can make a mistake in supporting the administration of his party.

The Milwaukee Journal has declared that in the future it will be an independent paper.

Support Congressman Cooper. Any other course will be suicidal for Rock county.

Senator John O. Spooner has gone to Nantucket for his summer vacation.

And the macadamizing still goes on.

Stand by the administration.

Our largest invoice of the week, though, comes on Thursday, for Friday's trade; our fish is all inspected by the best fishermen we can find, stock is choice. The workers stick to their demands, and the manufacturers declare they will not pay the advance asked.

Those present were: Mr. and Mrs. Amos Heiberg, Mesdames William Winbiger, John Koerner, Milwaukee; Oswald Muench, Chicago; Kue, Misses Klenecke, St. Louis; Agnes Kaempfle, Esther Kaempfle, Emma Heiter, Margaret Walsh, Edith Larson, Anna, Mrs. Benjamin Plowright, George Robinson, Clark Beswick, Joseph Scholler, Edward Hemmings.

MONEY FOR THE ORPHANS

Ward Witham's Will Provides For Helping Them With Cash.

Attorney George G. Sutherland is authorized, under the will of the late Ward Witham, to extend financial aid to a certain amount, to any orphan under the age of fourteen years, who resided in Rock county. The children must be "whole orphans"—that is, both of their parents must be dead—and they must be "needy and worthy." The money has not all been expended, and Mr. Sutherland would be glad to know of cases that come under the provision of the will.

GOLF MATCH TOMORROW.

Milwaukee Club Will Bring a Strong Delegation. Mixed Foursome Postponed.

Milwaukee and Janesville golfers will meet on Buckleton links tomorrow afternoon. The game will begin at one o'clock sharp as some of the visitors are to return to Milwaukee at 4:40. They will be taken from the trains directly to the grounds for a practice round and will then have an early dinner at the Hotel Myers before the game. It was expected at first that only four or at best six players would come from Milwaukee, but today's Sentinel says there may be eight or nine.

The mixed foursome match was postponed yesterday afternoon on account of rain. It is likely to be played Thursday after the Milwaukee match. Ten or twelve couples are expected to enter.

Scottish Games on Saturday, August 13. Much interest is being manifested in the forthcoming athletic games of thealedonian society at the fair grounds next week. The open bicycle race for Messrs. Morris's 105 cup is likely to be very handsomely contested.

The cup is a beautiful one, and is seen in Hall, Sayles & Field's window. Other bicycle contests include a race for members of the society and for pupils of Rock county high schools. Then there are the usual athletic competitions, tug of war, punning, jumping, lifting, foot racing, high land dancing, etc., etc. The leading novelty this year will be a scientific sporting contest for a donation between "Billy" Mason, ex-champion light weight of the northwest, and Alvin Maxwell, the farmer boy. Like every other event held under thealedonian society, this event will be respectable and refined. The wrestling match between last year's winner, Paul Pratt, of Whitewater, and George Wilson, the best wrestler in Dane county, will also doubtless prove a "star" attraction. Weather permitting a very large attendance is assured.

ALL WELL IN PORTO RICO.

American Troops Received with Enthusiasm.

WELCOMED AS LIBERATORS.

The Army Advances More Than Twenty Miles from Ponce, in the Direction of San Juan, Halted Everywhere as Friends—Reinforcements Arrive.

Port of Ponce, Porto Rico, Aug. 3.—The advance of the American troops thus far has been a continuous ovation, not only at Juan Diaz, but beyond, more than twenty miles from Ponce in the direction of San Juan. The mayors of all the towns in this part of the island are issuing proclamations saying that the people are no longer Spanish, but Americans. Thus far in the advance there has been no opposition to the American troops, the Spanish forces having retired rapidly.

Gen. Brooke and Gen. Haines, with 1,240 men, including the Sixth Illinois volunteers, have arrived on the St. Louis and the St. Paul.

The cruiser Columbia, which went aground in attempting to enter the harbor here, has been floated without injury.

URGE CARLOS TO ACT.

Leaders Among His Followers Say the Time is Ripe.

Paris, Aug. 3.—Great pressure is being brought to bear on Don Carlos which probably will force him to act immediately. Three cabinet chiefs from Spain are to arrive at Lucerne soon. It is known that they will declare it to be impossible to hold back Don Carlos' followers in Spain any longer.

The declaration of Don Carlos, through his secretary, Melgar, that he would not act while Spain is in mourning over defeat has been cabled back to Europe and has caused dismay among his followers in the provinces of Spain where the Carlists are strong. They have been awaiting the signal to rise and cannot understand Don Carlos' delay. His chiefs all urge action.

Garcia Defeats Spaniards.

Playa del Este, Guantánamo Bay, Cuba, Aug. 3.—News was received here from General Calixto Garcia and the Cuban forces under him at Mayari, near the Bay of Nipe, on the north coast of the Province of Santiago de Cuba. The report is that General Garcia has been in a heavy fight with Spanish troops who were trying to effect a junction with the main body of Spanish regulars at Holguin. A large body of Cuban reinforcements reached General Garcia, and the impression is that he defeated the Spaniards in this engagement, or, at least, held his own. The Cuban dispatch says that two cannon had already been taken from the enemy, and that the Spanish cavalry had been defeated.

Expect But Little Resistance.

Washington, Aug. 3.—Some reports which have been received from Porto Rico, but which for political reasons cannot be made public, have given great satisfaction to the officials of the war department, since they go to show that the resistance which can be made by the Spanish troops will be very little, and it is even possible that Gen. Miles will achieve an almost bloodless victory. All that is expected is a rather formal opposition to the progress across the island.

Report a Spanish Victory.

Madrid, Aug. 3.—An official dispatch from Havana says 400 insurgents recently attacked a Spanish detachment, numbering twenty men, and commanded by a sergeant, near Huanes, in the western part of the Province of Pinar del Rio. After a bitter fight, the dispatch adds, the insurgents fled, having killed ten of the Spaniards and wounded a number of others. The survivors, it appears, are to be decorated and recompensed.

Japanese Vessel Fired On.

San Francisco, Cal., Aug. 3.—Advices from Yokohama by the steamer Doric report that the Japanese steamer On-sang was fired upon by one of the vessels of the third expeditionary fleet from San Francisco on the night of June 29. Two shots were fired at the Japanese vessel. The vessel stopped at the first shot, but a second was sent across her bows. She was inspected and allowed to proceed.

Carlists Appear in Arms.

Brussels, Aug. 3.—The Independence Belge says that bands of Carlists have made their appearance at Lerida, in Catalonia, Spain.

Madrid, Aug. 3.—It is reported that there is a Carlist rising in Leon.

More Work for Dewey.

Manila Bay, June 29, via San Francisco, Cal., Aug. 3.—There are ten little Spanish gunboats scattered about this and the Caroline group of islands, and when Manila has been stormed Admiral Dewey will turn his attention to their capture or destruction.

Two Towns Captured.

Ponce, Aug. 3.—Arroyo and Guayama were seized yesterday and the American flag hoisted by Capt. Goodrich of the St. Louis. Guayama may be used as a supply depot for our troops.

Erne and Lavigne Matched.

Buffalo, N. Y., Aug. 3.—Frank Erne of Buffalo and "Kid" Lavigne were on Tuesday matched to fight twenty-five rounds before the Olympic Athletic club on Sept. 10, the night of the Corbett-McCoy contest. They will weigh in at 133 pounds at 9 o'clock in the morning.

"JOHN DOE, NO. 30."

That Is How He Is Registered, but He Says His Name Is "Patsy."

According to its twenty-third annual report, the Society For the Prevention of Cruelty to Children picked up only one child in this city last year that could not be identified either at the time when it fell into its hands or since, and the youngsters still figures on the records as "John Doe, No. 30."

The boy was found at Elizabeth and Canal streets at 9:30 o'clock at night on July 28, 1897. The police sent out the

menal notice about him, placing his age at 5 years. Nobody coming to the station to claim him within the prescribed time, he was committed by one of the city magistrates to the custody of the Gerry society. He could give no information about himself excepting that his name was Patsy, and he became a mystery. The society has since placed him in an institution.—New York News.

Teddie Tucker's Two Terrapins.

The tortuous Tiber trends through Tuscany. To Tuscany the Tuckers to red, timely taking the train. Two trunks, men transported their trunks. To Tuckers took two tremendous terrapins. Terrible thunder told towering tempests to tumble. Teddie, fearful, trembled to the toes. Through the tempest, through tunnels, too, the trusty train tolled to Tuscany. There the track terminated. Then the trolley transferred them to the tavern.

Tuesday Teddie took the terrapins to the Tiber. They, though torpid, trod the turf. There tired toilers tote twigs, trying therewith to thwart temporarily the tumbledown t-ments; tricky traders traffic; trailers, tormenting tamo tables, toss them topsy turvy; tree toads tuncfully trill their trouble tones; tulips thickly thrive.

Teddie tightly tied the terrapins to trees, then toying, tiptoeing, tried to touch the Tiber, twice, thrice; then, toppling, tasted the Tiber.

"Tommy Tinker!" Teddie thundered. Thomas Tinker, Tuscany's tailor, thinking Teddie troubled, therefore trumped to the Tiber. Thomas threw the tape that tied the terrapins to Teddie.

"There, Teddie, take the tape."

The twisted tape, tangled, tore Teddie's thumbs. The terrapins thereupon tenaciously took Teddie's trousers 'twixt their teeth. Thomas, tugging, took the tape. Thus together they triumphantly transplanted Teddie to terrapins. 'Twas twilight. Trilling takes time. Thankful Teddie trudged to the tavern to the tentable. Toast, turkey, truffles, tomatoes, trooped through Teddie's throat. Tired Teddie then trotted to tub, thence to trundlebed. Thursday the tourists traveled to Toulon.

The Tiber trails through Tuscany, through transcendent thoroughfares, through thrifty towns. The terrapins, transferred to the Tiber, tarry there together.—Sarah Fenton Hoyt.

ACCEPTS OUR CONDITIONS.

Spanish Government Ready to End the War.

MINOR DETAILS TO BE FIXED.

Final Reply from Washington, It is Said, is Expected Today—No Official Communication Has Been Received at Our Capital.

Madrid, Aug. 3.—A New York World correspondent cables: The Spanish reply to the peace demand of the United States has certainly been forwarded. Objections were raised only to minor matters, like the Philippines settlement and the claims of American citizens whose property has been destroyed during the war in the West Indies and the disposition of the Cuban debt. The correspondent was assured by the under secretary of state that he believed firmly that peace was approaching fast, although the details have yet to be fixed and the labors of the mixed commission might delay the actual signing of the treaty for some time.

The Spanish government does not expect the final reply from Washington until late Wednesday, but everything leads one to suppose that the reply will be favorable to peace if the expectations of French diplomacy are realized. There is more curiosity than anxiety expressed by the general public, and the friends of the cabinet are optimistic.

Public opinion, having nothing but the press telegrams upon which to form an estimate of the significance of the peace conditions, is much perplexed and is willingly inclined to believe in pessimistic reports. The government declines to raise the veil from the negotiations, preferring to let President McKinley publish the Spanish reply to his essential conditions for the suspension of hostilities and the opening of negotiations which will deal with the details. The execution of the terms agreed to, competent authorities in Spain believe, will require more time and offer more difficulties than America supposes, both in the West Indies and the Philippines, although Spain is disposed to give the utmost assistance.

The press abstains from too sharp criticism, though some of the opposition organs are weakly insinuating that they will await developments, when more official information is vouchsafed, but between the lines it is evident that they are disappointed to see that the government is likely to have its own way, amidst the general indifference of the country, coupled with an eagerness for peace and the loss of illusions and confidence in the press, which is generally accused of having chiefly contributed to the bringing about of the war.

Sagasta certainly handles the reins skillfully, and is not likely to be ousted now in the mission of peace and reorganization at home as long as he remains in the confidence of the queen regent.

The financial press publishes official statistics showing the cost to Spain of her colonial and foreign wars from March, 1895, to August, 1898, exceeds \$400,000,000, with a loss of over 100,000 lives.

London, Aug. 3.—The Madrid correspondent of the Daily Mail says: "The government has accepted the principle of the American conditions, but the acceptance will not be made public until inquiries to Washington on matters of detail have been settled, thus rounding off the preliminary basis."

HOSTILITIES MAY BE SUSPENDED

Prompt Action Expected as Soon as Spain's Reply is Received.

Washington, Aug. 3.—The cabinet meeting Tuesday was short, lasting a few minutes more than one hour. Nothing had been heard from Spain since the demands of this government were submitted through Ambassador Cambon last Saturday, and very little reference was made to the probable outcome. There was no disposition, however, on the part of the president and his advisers to grow impatient. A reasonable time will be allowed Spain, but there will be no tedious delay. The reply is expected to reach Washington this week and will be promptly acted upon. If the conditions proposed by the president are accepted, as every one here expects them to be, orders will be issued to the commanding generals in the field and to Admirals Dewey and Sampson to suspend hostilities. If the conditions are rejected, the president may express his regret that Spain has been so unwise as not to accept the best terms that can be offered.

NO OFFICIAL INFORMATION.

Washington Knows Nothing of Action Taken at Madrid.

Washington, Aug. 3.—Washington was much stirred up over the reports cabled from Spain that the Madrid ministry had accepted the conditions imposed by the United States as the price of peace. The cables to American newspapers, confirmed by advices received from Madrid, gave the rumor a color of credibility, but inquiry at the white house, of Secretary Day and other members of the cabinet developed the fact that no information to confirm the story had been received in administration circles.

While it is confidently believed by the president and his advisers that Spain will accept the conditions and enter upon peace negotiations, absence

of official information inclines them to doubt the correctness of the rumor. It is pointed out that Spain, if she can accept the conditions without parleying, would be anxious to get word to that effect to Washington at once. The difference in time between Madrid and Washington would have permitted the Spanish ministry to notify the president early last night of any agreement reached up to midnight in Madrid. The French ambassador, through whom the acceptance would be transmitted, did not call at the white house Tuesday and refuses to see representatives of the press.

In official circles here the view taken of the Madrid rumor is that it is intended to sound the Spanish populace. If the people accept the announcement quietly the ministry will feel that the surrender can be made. If the people offer violence the ministry can escape riots or rebellion by avowing its irresponsibility for newspaper publications and sustain its position by proving that there has been no communication with the American government.

While the administration has received no official advices of Spain's acceptance it is possible that the French ambassador is prepared to submit Spain's reply to the president today.

GERMANY EXPLAINS.

Official Statement as to the Work of the Irene.

Berlin, Aug. 3.—The semi-official North-German Gazette publishes a statement on the subject of German policy at Manila, based on official reports, explaining that this was done "with the view of correcting misrepresentations in foreign newspapers."

It says that for the purpose of affording the German colony immediate shelter in case of need some chartered steamers were anchored near the German warship Irene, in the Pasig river, under the protection of the armed boats. The French and British colonies, the statement continues, followed this example.

Aguinaldo, still according to the North German Gazette, gave Rear Admiral Dewey a written assurance that the insurgents would act humanely, and at Aguinaldo's request and with Admiral Dewey's approval the commander of the Irene took four Spanish ladies and six children from the province of Batangas under his protection and placed them on board a chartered steamer, every step being taken with a thoroughly friendly understanding with Admiral Dewey and Capt.-Gen. Augusti.

War Department Non-Committal.

Washington, Aug. 3.—Although the war department officials will not admit that they have any intention of re-enforcing further Gen. Merritt's forces at Cavite, there is reason to believe that some of the troops now in eastern camps who desire to see active service will soon find the opportunity unless the government shall change its present plans with respect to the Philippines. It is believed to be necessary to furnish to Gen. Merritt a larger force than he has now at his command. It is realized that 20,000 soldiers can scarcely be sufficient.

Fifth Illinois to Go.

Washington, Aug. 3.—The regiments that are to accompany Gen. Wade to Porto Rico have been selected. As was first intended, these regiments hail from states which have not had any volunteer regiments sent to the front. The names of the regiments will not be made public until the expedition is thoroughly organized. The Fifth Illinois will, in all probability, be in Gen. Wade's division. Secretary Alger gave the order last week for sending this regiment to Porto Rico with the next expedition.

Many Deaths in Cuba.

Washington, Aug. 3.—The war department is in daily communication with the army at Santiago. The soldiers there are still falling from the ravages of fever. Gen. Shafter has telegraphed the following, which is given out by Secretary Alger: "Sanitary report for July 31: Total sick, 4,255; total fever, 3,164; new cases of fever, 653; cases of fever returned to duty, 722."

Queen May Flee to Vienna.

Vienna, Aug. 3.—Albrecht palace in Vienna, the residence of the venerable Archduchess Elizabeth, mother of the queen regent of Spain, is undergoing extensive restoration, and it is commonly rumored in this city that these repairs are to fit the palace for the reception of the Spanish court in the event of a revolution at Madrid growing out of the present war.

Wisconsin Boys Hopeful.

Madison, Wis., Aug. 3.—State officials here incline to the belief that the Fourth regiment, now mobilized at Camp Douglas, may be sent to the Philippines, should Gen. Merritt's request for 30,000 additional men be granted. A strong intimation to that effect was received from Washington a few days ago.

For Big European Squadron.

Washington, Aug. 3.—The naval officials are considering the formation of a big squadron to be stationed in European waters after the war is over. The intention is to reform the European squadron, but to make it much stronger than ever before.

Pope Issues an Appeal.

Washington, Aug. 3.—The pope has appealed to the United States government to protect Catholic clergymen and church property from the insurgents in the Philippines.

THE TERMS OFFERED SPAIN.

Official Statement of Our Peace Proposals.

NO MONEY INDEMNITY ASKED.

West India Islands Must Be Evacuated Immediately—Ladrone Islands to Be Held—City and Bay of Manila to Be Long to Us.

Washington, Aug. 3.—The following is an official statement given out by authority of the President as to the terms of peace offered by the United States:

"In order to remove any misapprehension in regard to the negotiations as to peace between the United States and Spain it is deemed proper to say that the terms offered by the United States to Spain in the note handed to the French ambassador Saturday last are in substance as follows:

"The president does not now put forward any claim for pecuniary indemnity, but requires the relinquishment of all claims of sovereignty over or title to the island of Cuba, as well as the immediate evacuation by Spain of the island; the cession to the United States and the immediate evacuation of Porto Rico and other islands under Spanish sovereignty in the West Indies; and the like cession of an island in the Ladrone Islands.

"The United States will occupy and hold the city, bay and harbor of Manila, pending the conclusion of a treaty of peace which shall determine the control, disposition and government of the Philippines.

"If these terms are accepted by Spain in their entirety, commissioners will be named by the United States to meet commissioners on the part of Spain for the purpose of concluding a treaty of peace on the basis above indicated."

Aguinaldo's Position.

New York, Aug. 3.—A cablegram to the Journal from Cavite, July 30, via Hongkong, reports that the correspondent has spent two days in interviewing insurgent leaders. As a result the correspondent says he discovered evidences of jealousy of the American invasion, but no actual anti-American feeling. The dispatch adds: "Aguinaldo is respectful toward Admiral Dewey, General Merritt and Consul Wildman, and will go any lengths to retain Consul Wildman's good opinion, but he holds back from giving energetic help to the United States forces. He will give only a negative sort of assistance until he knows the exact form which the American policy will take. He is disturbed by telegraphic reports that the United States will abandon the islands to Spain. There are some indications of a clash between General Merritt and Aguinaldo."

Miners Ready to Strike.

Pittsburg, Aug. 3.—If the coal operators of the Pittsburg district do not conform with the terms of the Chicago agreement by Aug. 10 5,000 miners will be ordered to strike. This is the decision of the convention of United Miners of this district now in session here. A series of strikes are to be inaugurated in the Yough district, the third pool, and if it is at all possible the New York and Cleveland Gas Coal company will be compelled to pay a penalty for mining coal at a rate lower than provided for in the agreement. A 5 per cent levy to pay the expenses of the strike was ordered.

Camp Alger Is Condemned.

Camp Alger, Falls Church, Va., Aug. 3.—Orders were issued the Seventh Illinois and the other regiments of the Second division, Second army corps, this morning directing them to vacate their present quarters at once. The camp was abandoned because of its unhealthfulness and the new camp will be pitched on sites just south of the division headquarters.
